PCS WITH PETS

The process of moving with your beloved four-legged family member (or any pet) takes a lot of planning, money, and time. Start planning and working on the process now. **Note: some testing requirements may take weeks to months to receive results, and traveling in the summer months can be difficult due to temperature restrictions **

Below are some sites that will help get you started:

Hawaii Department of Agriculture: Animal Quarantine Division:

<https://hdoa.hawaii.gov/ai/aqs/aqs-info/>

Checklist for Direct Airport Release and 5 Day or Less Program:

<https://hdoa.hawaii.gov/ai/files/2022/01/Checklist-1-7.1.2021.pdf>

Moving Your Pet to Hawaii:

<https://www.hawaiilife.com/blog/moving-to-hawaii-with-pets-guide/>

Some may find it helpful to follow other's experiences and ask questions on:

Facebook: PCSing to Hawaii with Pets

Pet relocation companies may be an option:

<https://islandpetmovers.com/> or <https://pcsmypet.com>

Note: these are examples, please do your own research!

**Don't wait till the last minute to look up
crate and breed requirements!**

Pro Tip: Pets MUST have a microchip, FAVN, and testing paperwork MUST have their microchip numbers correctly listed. You can send this information ahead of time to the state of Hawaii. You then can look up your pet's microchip number on the Department of Agriculture website to see that they are approved!

PERSONAL PROPERTY SHIPMENT

You will rate 4 shipments of your personal property consisting of:

Household Goods (HHG)
Unaccompanied Baggage (UB - "express shipment")
Non-temp Storage (NTS - long-term mainland storage)
1 Personally Owned Vehicle (POV)

You do not have to use all of these options, but they are available to you if you choose to. These allocations will be addressed on your web orders and can be processed by your local Distribution Management Office (DMO) office.

Hawaii DMO Contact Info:

<https://www.mcbhawaii.marines.mil/Offices-Staff/S-4-Installations-Logistics/Distribution-Management-Office/>

GET ORGANIZED

Purge: When planning your move to Hawaii, space is going to be an issue for most. An average 3 bedroom 2 bath on Oahu is 1500 sqft.

Inventory: Inventory your belongings before the movers show up and take pictures/video anything important. Consider adding more coverage if you move anything high value. The moving company pays a limited amount for lost or damaged items.

Create a PCS Binder: Having one place for all your important documents, contact numbers, checklists, moving documents, etc. can help you get and stay organized. Here are some suggested tabs for your PCS Binder:

- Important Documents
- Birth/Marriage Certificates/Social Security Cards/Passports
- Military Orders (multiple copies)
- Titles of Things you Own (e.g. house, car) along with insurance and shipping information
- Any Checklists
- Medical/Shot/Dental Records
- School Records
- Pet Records
- Moving Documents/HHG Documents
- Travel Documents (e.g. flight and hotel information)
- Budget: It is important to budget as you PCS and live in a hotel. Moving to a new duty station, pay can be delayed.
- Expense Tracker: Keep receipts

SHIPPING YOUR CAR (POV)

You are allowed ONE vehicle to be shipped at the government expense.

Requirements before turning your POV in for shipment or storage:

- Contact your local personal property office for entitlement and guidance.
- Ensure your POV's fuel is no more than 1/4 of a tank when you turn it in to VPC.
- Ensure your POV is **CLEAN** both inside and out. If you get it detailed make sure all carpets are **completely** dry.
- Remove all belongings from your POV.
- Resolve ALL vehicle recalls before turning in. Bring documented proof that the mechanic or dealership certifying that the recall work was done.
- Ensure your POV is mechanically sound and in good working order before you drop it off to the VPC.

Wanting to ship a second vehicle to Hawaii?

Popular recommendations are:

- 4Corners
- Matson
- Coastal Auto Shipping

Check out this Resource:
PCSMYPOV.com

If you are thinking about buying a new car when you arrive in Hawaii, know Hawaii does charge additional shipment fees to get the vehicle here. Prices can be higher than what you find on the mainland.

Many people will sell their POV to those coming on island as they are leaving so check MCBH Community or MCBH Sells for some deals. There are also "lemon lots" at both Hickam and Schofield.

FIREARMS AND REGISTRATION

You can transport firearms as part of your total household goods shipment as long as they comply with all local and state laws. Some people check them on the plane when traveling to the island.

Make sure the weapon is inoperable by removing the bolt, firing pin, trigger assembly and other arming parts. Remove all ammunition from your firearm. You cannot ship any privately owned live ammunition in your household goods shipment.

Ensure the firearm information is *written on the inventory* to include: make, model, serial number, unique characteristics, caliber and/or gauge.

****Carry this information with you as you travel (part of your PCS binder – see Page 8)**.**

For more information you can check out: move.mil

Upon arrival you must register your firearms with the Stage of Hawaii and MCBH. Failure to register your firearms *can result in a felony possession of firearms charge*.

You must register your firearm with the Honolulu Police Department (HPD) within 5 days per Hawaii, however *MCBH base order states **within 48 hours***. To register take the unloaded firearm to Firearms Division of HPD along with ID and proof of ownership. You will be fingerprinted and photographed. Please visit the following page for more information and for current fees:

<https://www.honoluluupd.org/information/firearms>

If you are living on MCBH, you will need to register your firearms with the base security office. You will need a valid military ID, driver's license, and proof of registration with HPD. Do not bring the firearm.

You arrive on island with all your bags, crates, strollers, car seats, and totes. Now how will you get to the hotel or your house? Here are some suggestions:

1

808 Express: shuttle picks you up at the airport and will help load all your luggage. CALL AHEAD TO SCHEDULE - www.go808express.com

2

Try a taxi service (e.g. Charley's Taxi). Make sure to schedule ahead and check base access.

3

Use a rental car service at the airport or explore Turo, as some owners will do drop off of the vehicle.

4

Reach out to your sponsor and check their availability for pick up/ access to a larger vehicle.

Yes, you will be tired and the process of getting here may not be pretty but living here is an amazing experience. One look at the beauty of the island and you will know it was all worth it.

VEHICLE REGISTRATION

Hawaii Newcomers Guide:

<https://portal.ehawaii.gov/residents/newcomers-guide/>

The above link is the State of Hawaii's page that is dedicated to those incoming to the island. It has information for both obtaining a drivers license and tag registration. Some things to know:

- Non-residents on active duty are exempt from Hawaii motor vehicle weight taxes for vehicles registered in their name. You must submit a Non-Resident Certificate, form CS-L (MVR) 50, for each registration, renewal or transfer transactions. With military resident waiver annual registration cost is \$20.50.
- If you want to keep your current out of state plates, you will need as out of state permit which will require the following:
 - Current out of state registration
 - Shipping documents (bill of landing)
 - CS-L (MVR) 27 Form (out of state permit application)
 - Current Hawaii Vehicle inspection (example locations: Goodyear, Flagship Auto)

Please make a note:

Car window tint is found to be the biggest issue in vehicle inspections as Hawaii's legal limit is higher than most on the mainland. If it is found to be too dark, they will ask you to get it removed and then come back for safety inspection.

For some plain language and step by step instructions, check out the next page!

PMO/Base Vehicle Registration:

<https://www.mcbhawaii.marines.mil/Offices-Staff/S-7-Safety-Security-Emergency-Management/Provost-Marshals-Office/Pass-ID/Base-Passes/>

- Registration must be complete within 30 days of the shipping receipt or you may incur penalties.

Note: If you choose not to receive Hawaii plates and keep current state plates, you will need to get an out-of-state permit to attach to your registration. You will receive a blue sticker to put on your bumper. When your out-of-state registration expires if you wish to keep your plates you will have to pay the full out-of-state registration in addition to Hawaii's yearly registration.
